NOTES:

Some Merit Badges and Awards listed in this Guidebook:

- a) require advanced/special arrangement with the Program Director
- b) may only be offered in partial format during a one-week stay at camp
- c) may be achieved in various program areas; sometimes in both camps

[Check your Leader Guide Program Pages for where/when badges are most commonly offered, or, consult with your Program Director at the two-week pre-camp program planning meeting as some badges can be offered in numerous locations with prior planning.]

Scouts with prior partial credit may not need to re-take the Merit Badge. In fact, Scouts with partial credit are encouraged to make arrangements through the Program or Area Director at the start of their week to address completing their badge at separate times than those listed.

In some cases, Troops may wish to register an entire Patrol or Troop to take a Merit Badge on their own private time. In such cases, the Program Director might suggest a unique block of time separate from the schedule printed in the Leader's Guide. Inquire with the Program Director at the two-week, pre-camp program planning meeting, if interested.
